Ideas for Teaching Core Maths Functions in the Primary Classroom - LIVE 60 mins via ZOOM

About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity.

The Australian Curriculum: Mathematics includes the proficiencies of understanding, fluency, problem-solving and reasoning to promote student learning and independence in Mathematical tasks. These proficiencies enable students to respond to familiar and unfamiliar situations by employing mathematical strategies to make informed decisions and solve problems efficiently. An experienced and expert Primary Maths teacher will demonstrate the approach he uses in his classroom to promote student success across the range of Mathematics proficiencies. It will be a really helpful session for primary teachers who are still building their own confidence in approaches to Mathematics and for those who are looking for some new ideas to refresh their own classroom program.

Date

Wednesday 18 May

Time

2.30-3.30pm Perth time
Login at least 20 mins prior to start time

Cost

\$50: SSTUWA members
\$100: Non-members

Facilitator

Iain Reed

Nominated audience

Primary Teachers

Online requirements

- Stable internet connection
- Laptop/desktop computer
- Earphones or headphones (optional)
- Web cam and microphone

Delivery method: Live online event

The event will be one hour in duration via ZOOM and consist of live delivery of content at the specified time by a presenter and a host. You will also have an opportunity to interact with other participants and engage with the presenter online. Completing this course will contribute to one hour of professional learning and a certificate will be provided at the end of the session.

About the hosts

Teacher Learning Network (TLN)

TLN is a Melbourne based, not-for-profit professional development provider supported by the Australian Education Union Victoria Branch and the Independent Education Union Victoria/Tasmania Branch. SSTUWA will be your major source of communication before the online event. Prior to the live event, SSTUWA will email you detailed instructions about how to access the online training space. TLN will then provide immediate telephone support just before the event begins on the day, and during the training if required.
