Assessment Techniques for Teacher Learning Network

Primary - Knowing Where Students Are Up To

About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for early career teachers in their first five years of teaching.

Assessment for learning, which is often referred to as formative assessment, is used by teachers to identify the needs of their students and provide purpose and direction for their teaching. This type of assessment is utilised on a daily basis to determine how students are progressing, which skills need to be revisited, and which students need further challenges.
