# Influence a Secondary School Culture with a Restorative Practice Approach

## About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for experienced teachers.

Australian schools implemented Restorative Practices almost 25 years ago. There are now many well-developed models and applications of this philosophy but there are many myths about it. This course will debunk the myths about what works and what doesn't and will teach participants how to adapt and develop the basic restorative approach to influence a whole school culture. The course presenter will encourage for experienced teachers to take up the challenge to keep making a positive difference to relationships across the whole school.
