Numeracy in the Primary Classroom - Strategies for Developing Mathematical Vocabulary

About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for early career teachers in their first five years of teaching.

One of the greatest challenges to understanding difficult concepts is understanding the vocabulary that explains those concepts. Integrating numeracy effectively requires students to build the necessary vocabulary to explain their ideas and explore new thinking. This session will explore ways to build vocabulary and identify the important parts of the numeracy curriculum to focus on with students.

Date

Tuesday 21 May 2019

Time

4.30-5.30pm Perth time
Login at least 20 mins prior to start time

Cost

\$40: SSTUWA members

\$80: Non-members

Facilitator

Ian Reed

Nominated audience

Early Career Primary Teachers

Online requirements

- Stable internet connection
- Laptop/desktop computer
- Earphones or headphones (optional)

Delivery method: Live online event

The event will be one hour in duration and consist of live delivery of content at the specified time by a presenter and a host. You will also have an opportunity to interact with other participants and engage with the presenter online. Completing this course will contribute to one hour of professional learning and a certificate will be provided at the end of the session.

About the hosts

Teacher Learning Network (TLN)

TLN is a Melbourne based, not-for-profit professional development provider supported by the Australian Education Union Victoria Branch and the Independent Education Union Victoria/Tasmania Branch. SSTUWA will be your major source of communication before the online event. Prior to the live event, SSTUWA will email you detailed instructions about how to access the online training space. TLN will then provide immediate telephone support just before the event begins on the day, and during the training if required.
