## Dyslexia – Responding Effectively in the Classroom

### About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for all Primary and Secondary Teachers.

Engaging with the curriculum can be difficult when experiencing challenges with literacy and numeracy skills. For students with Dyslexia this can't simply be addressed by doing more work. This session will explore the strategies that teachers can use to support students with dyslexia.

Teachers who enrol in this course should also consider enrolling in the partner course - Working with Students with Dyslexia - Understanding the Condition.
