# Working with Students with Teacher Learning Network Autism Spectrum Disorder (ASD) – Teaching Task Skills

## About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for all Primary and Secondary Teachers.

Students with Autism Spectrum Disorder (ASD) may experience difficulty when planning, preparing for, getting started and completing work tasks. Poor executive function - the mental processes that enable us to plan, focus attention, remember instructions, and juggle multiple tasks successfully - is often a characteristic of ASD. Bearing this in mind, students will benefit from explicit teaching of how to approach work tasks. For a student with ASD, this may provide vital pieces to the confusing puzzle that is school. This session will outline practical ideas and strategies for teaching task skills.

Completing this course will contribute to 90 minutes of professional learning and a certificate will be provided at the end of the session.

## About the hosts

### Teacher Learning Network (TLN)

TLN is a Melbourne based, not-for-profit professional development provider supported by the Australian Education Union Victoria Branch and the Independent Education Union Victoria/Tasmania Branch. SSTUWA will be your major source of communication before the online event. Prior to the live event, SSTUWA will email you detailed instructions about how to access the online training space. TLN will then provide immediate telephone support just before the event begins on the day, and during the training if required.
