# Numeracy in the Primary Classroom - Problem Solving

## About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for primary educators.

Problem solving and critical thinking are central to numeracy education and are skills required across all learning areas. This session will use numeracy to explore problem solving techniques and critical thinking that can be applied across all areas of the curriculum.

At this session you will get at least three problem solving ideas that can be adapted for many learning areas, for cross curriculum and integrated projects.

## Date

Tuesday 3 March

## Time

3.30 - 4.30pm Perth time  
Login at least 20 mins prior to start time

## Cost

\$40: SSTUWA members

\$80: Non-members

## Facilitator

Louise Broadhurst

## Nominated audience

Primary Educators

## Online requirements

- Stable internet connection
- Laptop/desktop computer
- Earphones or headphones (optional)

## Delivery method: Live online event

The event will be one hour in duration and consist of live delivery of content at the specified time by a presenter and a host. You will also have an opportunity to interact with other participants and engage with the presenter online. Completing this course will contribute to one hour of professional learning and certificate will be provided at the end of the session.

## About the hosts

### Teacher Learning Network (TLN)

TLN is a Melbourne based, not-for-profit professional development provider supported by the Australian Education Union Victoria Branch and the Independent Education Union Victoria/Tasmania Branch. SSTUWA will be your major source of communication before the online event. Prior to the live event, SSTUWA will email you detailed instructions about how to access the online training space. TLN will then provide immediate telephone support just before the event begins on the day and during the training if required.
