Literacy in the Classroom - Strategies to Support Struggling Readers

About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for primary educators.

The development of good reading practices requires a solid foundation and understanding of reading strategies. Students will learn these at different rates and can sometimes find themselves trying to engage with content that is beyond their skill level. This session will look at strategies teachers can use to ensure the students who have challenges with reading are able to develop their ability in a supportive and practical way.
