# Managing Critical Incidents in the Classroom

## About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for secondary/TAFE educators.

Teachers need to be quick to respond to the needs of students in their class when issues arise, however it can be quite isolating to be alone with a class full of children when significantly disruptive or dangerous situations escalate. This session will explore how to manage the situation when issues occur. David will also share strategies that teachers can put in place to prevent extremely disruptive behaviours. The session will use examples of working with secondary students.
