## Challenging Conversations with Students

### About the course

The SSTUWA, in partnership with TLN Melbourne, are pleased to offer this online learning opportunity for new and aspiring leaders.

This session will support new leaders in their approach to working with students. When in a leadership role, teachers are faced with more complex decision-making processes that have a significant impact on students' lives and are often required to deal with students in very demanding situations. It is important that leaders learn skills and techniques to use when having difficult or challenging conversations with students. This session is one of a series of three.
