# Mental Health in Early Childhood

## About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity for early childhood educators.

Theories about the importance of attachment in early childhood are long established, however practice with young children has not always reflected this. Awareness of the impact of trauma on child development in infancy is growing, and new efforts are being made to pay attention to the mental health needs of young children.

Kathy Eyre is an expert in infant and family welfare particularly in relation to trauma in infancy.
