Encouraging Positive Mental Health Practices in the Classroom - LIVE 60 min

Teacher Learning Network

About the course

The SSTUWA, in partnership with TLN in Melbourne, are pleased to offer this online learning opportunity.

Positive Mental health is a critical component to developing student's wellbeing. Teachers have been asked to broaden their practice to include student wellbeing as part of the teaching and learning in the classroom.

In the current COVID19 environment schools need to be aware of the wellbeing not only of students but of all staff . This session will identify strategies that can be implemented in your classroom with students, as well as ideas for looking after all staff in an educational environment.

This course will provide tools and ideas to help understand your own wellbeing and the wellbeing of those around you.
