

# TAFE Know Your Rights: Advanced Skills Lecturer classifications

Matters pertaining to Advanced Skills Lecturer (ASL) classifications are dealt with in several parts of the *Western Australian TAFE Lecturers' General Agreement 2023* and also in two SSTUWA-TAFE Employee Relations Committee (STERC) policies.

## Relevant parts of the Agreement

- **Clause 30 – Salaries and Classifications**, particularly sub-clauses 30.1 (d) and 30.2 (a).
- **Clause 31 – Progression**, particularly sub-clause 31.9.

While the relevant excerpts from the above clauses are printed below, if you wish to know more about these particular provisions it is best to read the entire clause.

## Other parts of the Agreement and related policies

- **Schedule G – Salaries**
- **Schedule H – Salaries – Flexible Hours Arrangements**
- **Appendix B – Job Descriptions**
- **STERC – Memorandum of Understanding – Advanced Skills Lecturer Progression Policy and Guidelines to Address the Selection Criteria** (found on SSTUWA website or by contacting Member Assist).
- **STERC – Memorandum of Understanding – Approved Qualification for Progression Policy and Approved Qualifications List** (found on SSTUWA website or by contacting Member Assist).

## Know your rights

- Members wishing to obtain ASL classifications should read the relevant information before applying.

- A member may apply to be assessed against the ASL 1 or ASL 2 criteria at any time. Members are not required to wait for a college to advertise for applications.
- Colleges will undertake assessment at least two times a year and it should not be more than six months between a member making an application and it being assessed.
- If a member is successful, pay is backdated to the date of application.
- A member assessed as not meeting the criteria for ASL 1 may reapply and address only the criteria that was previously deemed to have not been demonstrated provided that re-application is made within 12 months of being notified of being unsuccessful.
- If a member is unsuccessful at any stage of the process they should seek written feedback as to which criteria were not deemed to have been met and the reasons why. If the member does not agree with the assessment, advice should be sought from Member Assist.
- An ASL classification is maintained even if a member moves to another TAFE college so long as they are not absent from TAFE for more than two years.
