Upcoming SSTUWA conferences

The SSTUWA Education & Training Centre would like to invite members to two upcoming TUT approved professional development conferences to be held at the SSTUWA in East Perth.

Union Delegate Conference

Theme: Together We Are Strong
Friday 13 November

The SSTUWA warmly invites union delegates from across WA to attend this annual event dedicated to celebrating unionism in public education. This conference will provide each delegate with a valuable opportunity to increase their knowledge of current industrial, political and educational agendas, which affect schools and colleges, and to network with union colleagues. Keynote speakers and a selection of high-quality workshops have been designed with the aim of supporting delegates as they continue to develop critical aspects of branch leadership.

Early Childhood Educator Forum

Theme: Nature Pedagogy – Digging Deeper
Friday 6 November

Spaces are limited for this afternoon forum, so register online to avoid disappointment. Join us at the SSTUWA to participate in a collaborative journey with a difference. Playshop will be the vehicle that will allow participants to review and reflect on the benefits of nature play. Learn how to integrate nature play into daily programs.
