# Worksafe petition: Reverse cuts to WorkSafeWA

UnionsWA recently launched a petition to the state government to reverse cuts to WorkSafeWA.

As part of the 2015 WA State Budget, the Barnett Government has cut staff within WorkSafe, the principal occupation safety and health agency in WA. WorkSafe is responsible for investigations into work accidents and fatalities as well as monitoring breaches to work health and safety laws to prevent accidents and fatalities.

Background to the cuts can be found here: http://www.unionswa.com.au/worksafe_campaign

The petition can be found here: http://www.unionswa.com.au/don_t_cut_worksafe_petition
