2019 Log of Claims: TAFE

2019 Log of Claims: TAFE

On 7 August the Union served the TAFE Log of Claims on the employers and requested negotiations for a replacement Agreement commence.

Thank you to TAFE Committee Representatives for their work in putting together the log and the supporting documentation. Thank you also to the many members who gave feedback during the drafting process.

Please ensure you attend as many branch meetings as possible this semester to keep informed about progress and actions in support of your claims.
