COVID-19 updates

1 February 2022

IKON - COVID update from the Department of Education

28 January 2022

The state government has released new testing and isolation protocols, which will come into effect once high daily caseloads are recorded in the community, subject to health advice.

Download the infographics here:

- New testing and isolation protocols
- New testing and isolation protocols for critical workers

Read the media releases here:

- High COVID caseload settings

Very high caseload environment critical worker definition and protocols
